This Universal Remote Control is already programmed for most RCA, GE and ProScan TVs, VCRs, and DSS Systems.

Please Note: For users of RCA, GE and ProScan DSS Products, older DSS Models require that the DISPLAY Button on this remote be used to make program selections. Use the SELECT button for making program selections on newer RCA, GE and ProScan DSS models.

Battery Installation

Your remote requires two (2) new AAA alkaline batteries. To install the batteries:

1. Turn the remote over and push down on the arrow and slide the cover off.
2. Insert the batteries, matching the battery to the + and - marks inside the battery case.
3. Press the battery cover back into place.

Note: Removing the batteries may require you to reprogram the unit.

Button Description

TV, VCR, SATELLITE, AUX

The TV, VCR, SATELLITE and AUX buttons are used to select the device you want to control.

CODE SEARCH

Used to program the remote or to search through codes.

INDICATOR LIGHT

The light flashes to show that the remote is working.

POWER

The POWER button operates the same as your original remote (note: some RCA, GE and ProScan models require you to press the device key to turn the device on and the power key to turn the device off).

GUIDE

Brings up the on-screen program guide. Press the GUIDE button several times to toggle through the different types of guides.

ARROWS

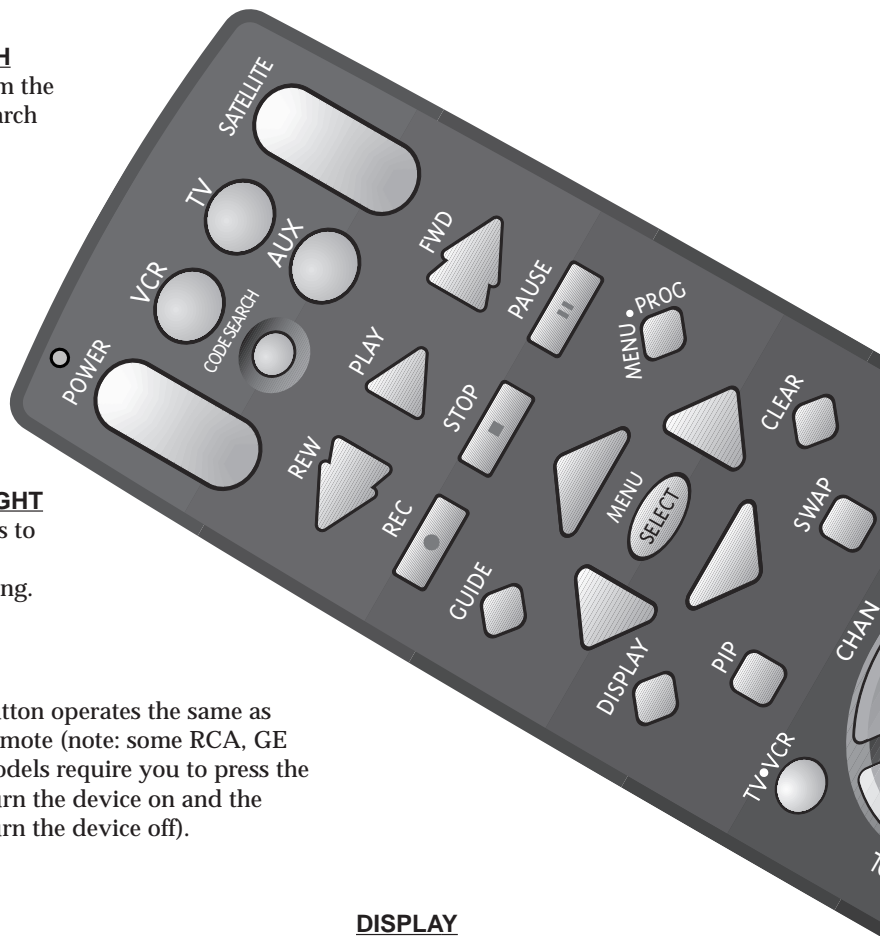

Use the navigation arrows to move the on-screen highlight up, down, left, or right. Using the arrows to highlight a menu item is also called pointing.

CLEAR

Removes the on screen display to return to normal viewing.

REW, PLAY, FWD, REC, STOP, PAUSE

The REW (Rewind), PLAY, FWD (Fast Forward), REC (Record), STOP, and PAUSE buttons operate the same as on your original VCR or remote. **You must press the REC button twice to begin recording.**

DISPLAY

Brings up the on-screen channel marker. Use to make program selections on some DSS models

MENU•SELECT

Brings up the Main Menu. If you are already in the menu system, press MENU•SELECT to select a highlighted choice. The ARROW keys move through the Program Guide.

NAVIGATION & SELECT

Used to move through on screen menuing and guides. With some DSS models the DISPLAY button should be used to select the highlighted item

Button Description

PIP and SWAP

PIP (Picture-in-Picture) and SWAP Controls operate your Television's Picture-in-Picture features.

PREV CH

The PREV CH (Previous Channel) button operates the same as on your original remote.

ENTER

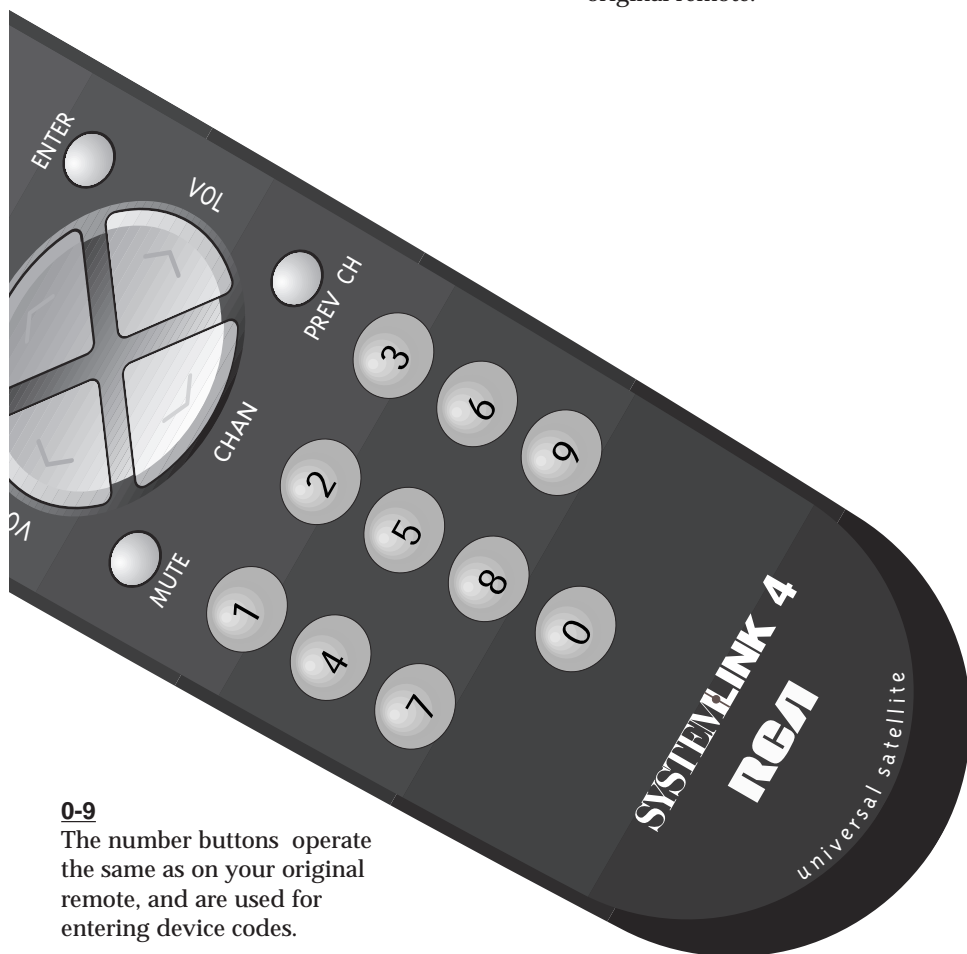

The ENTER button operates the same as on your original remote.

TV•VCR

The TV•VCR button operates the TV•VCR function of your VCR.

VOL & CHAN

The VOL (Volume) and CHAN (Channel) buttons operate the same as on your original remote.

0-9

The number buttons operate the same as on your original remote, and are used for entering device codes.

MUTE

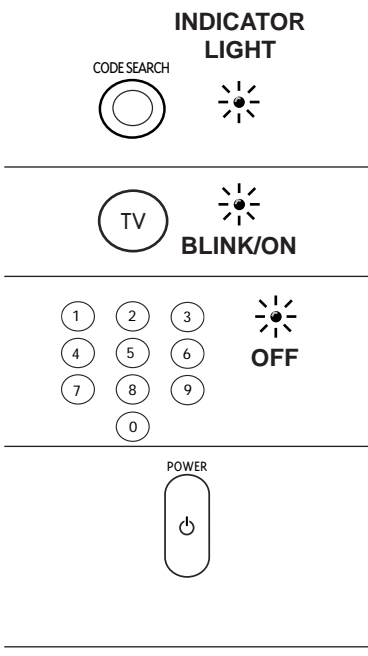

The MUTE button operates the same as on your original remote.

Programming Your Universal Remote For TV

Most RCA, GE and ProScan TVs will not require programming. Check to see if your TV responds to the remote before you begin programming.

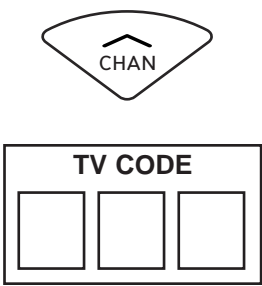

To Program Your Remote for your TV:

1. Manually turn on the TV.
2. Press and hold the **CODE SEARCH** button until the **Indicator Light** lights, then release the **CODE SEARCH** button.
3. Press and release the **TV** button (the **Indicator Light** will blink then remain lit).
4. Find the three digit code for your TV in the code list starting below and enter it using the Number Buttons. After your code is entered, the **Indicator Light** will turn off.
5. Aim the remote at your TV and press the **POWER** button. Your TV should turn off.

Note: If your TV does not respond, try all the codes for your brand. If the codes do not work, or your brand is not listed, try the Code Search method on page 14.

6. With your TV on, press **CHANNEL UP**. If the TV responds, no further programming is required.
7. Enter your code here for easy reference.

Programming Your Universal Remote For VCR

Most RCA, GE and ProScan VCRs will not require programming. Check to see if your VCR responds to the remote before you begin programming.

To Program Your Remote for your VCR:

1. Manually turn on the VCR.
2. Press and hold the **CODE SEARCH** button until the **Indicator Light** lights, then release the **CODE SEARCH** button.
3. Press and release the **VCR** button (the **Indicator Light** will blink then remain lit).
4. Find the three digit code for your VCR in the code list starting below and enter it using the Number Buttons.

After your code is entered the **Indicator Light** will turn off.
5. Aim the remote at your VCR and press the **POWER** button. Your VCR should turn off.

Note: If your VCR does not respond, try all the codes for your brand. If the codes do not work, or your brand is not listed, try the Code Search method on page 14.

6. With your VCR on, press **CHANNEL UP**. If the VCR responds, no further programming is required.
7. Enter your code here for easy reference.

Programming Your Universal Remote For Satellite

Most RCA, GE and ProScan Satellite systems will not require programming. Check to see if your Satellite Receiver responds to the remote before you begin programming.

To Program Your Remote for your Satellite System:

1. Manually turn on the Satellite Receiver.
2. Press and hold the **CODE SEARCH** button until the **Indicator Light** lights, then release the **CODE SEARCH** button.
3. Press and release the **SATELLITE** button (the **Indicator Light** will blink then remain lit).
4. Find the three digit code for your Satellite Receiver in the code list below and enter it using the Number Buttons.
After your code is entered, the **Indicator Light** will turn off.
5. Aim the remote at your Satellite Receiver and press the **POWER** button. Your Satellite Receiver should turn off.
6. With your Satellite Receiver on, press **CHANNEL UP**. If the Satellite Receiver responds, no further programming is required.
7. Enter your code here for easy reference.

SATELLITE CODE		

Note: If your Satellite Receiver does not respond, try all the codes for your brand. If the codes do not work, or your brand is not listed, try the Code Search method on page 14.

Programming Your Universal Remote For Your Cable

You can assign a Cable Box to either the Satellite or AUX buttons. Follow the steps below to assign a Cable Box to Satellite and the next page to assign it to AUX.

1. Manually turn on the Cable Box.
2. Press and hold the **CODE SEARCH** button until the **Indicator Light** lights, then release the **CODE SEARCH** button.
3. Press and release the **SATELLITE** button (the **Indicator Light** will blink then remain lit).
4. Find the three digit code for your Cable Box in the code list below and enter it using the Number Buttons.
After your code is entered, the **Indicator Light** will turn off.
5. Aim the remote at your Cable Box and press the **POWER** button. Your Cable Box should turn off.

Note: If your Cable Box does not respond, try all the codes for your brand. If the codes do not work, or your brand is not listed, try the Code Search method on page 14.

6. With your Cable Box on, press **CHANNEL UP**. If the Cable Box responds, no further programming is required.
7. Enter your code here for easy reference.

Assigning The AUX Button

You can assign any one of the following devices to the AUX button:
 Audio Components (CD Player, Amplifier, Receiver, Tape Deck, Phonograph), Laser Disc Player or
 a second TV, VCR, Satellite or Cable Box.

1. Manually turn on the device you wish to control.
2. Press and hold the **CODE SEARCH** button until the **Indicator Light** lights, then release the **CODE SEARCH** button.

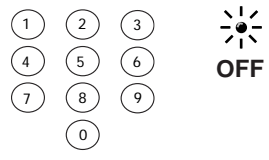

3. Press and release the **AUX** button (the **Indicator Light** will blink then remain lit). Then press the button for the device you want to program (TV, VCR, SAT) (Press SAT for a Cable Box).

4. Find the three digit code for your device in the brand list and enter it using the Number Buttons.

TV Codes	page	6-7
VCR Codes	page	8-9
Satellite Codes	page	10
Cable Box Codes	Page	11
Audio Codes	Page	13

After your code is entered, the **Indicator Light** will turn off.

5. Aim the remote at the device you wish to control and press the **POWER** button. The device should turn off.

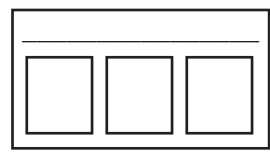

Note: If your device does not respond, try all the codes for your brand. If the codes do not work, or your brand is not listed, try the Code Search method on page 14.

6. With your device on, press **CHANNEL UP**. If it responds, no further programming is required.

7. Enter your code and the type of device you programmed here for easy reference.

Programming With Code Search

If your TV, VCR, Satellite Receiver, Cable Box or Audio System does not respond after you have tried all the codes for your brand, or if your brand is not listed, try searching for your code by following the steps below.

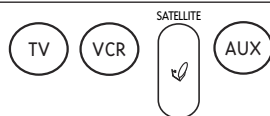

1. Manually turn on the device you wish to program.
2. Press and hold **CODE SEARCH** until the **Indicator Light** lights, then release **CODE SEARCH**.
3. Press and release the device button for the device you are programming (**TV**, **VCR**, **SATELLITE** or **AUX**). The **Indicator Light** will blink once, then remain lit.

Note: For **AUX** (when not an audio code) press **AUX** followed by the device button. Use **SAT** for **CABLE**.

4. Press and release **POWER** until your device turns off.

Important: You may have to press Power up to 200 times.

5. When your device turns off, press the **ENTER** button, the **Indicator Light** will turn off.

Getting Codes From Your Universal Remote

If you need to find the three-digit code for your TV, VCR, Satellite, Cable Box or Audio Component after your device is set-up using Code Search, use this procedure.

1. Press and hold **CODE SEARCH** until the **Indicator Light** lights, then release **CODE SEARCH**.

2. Press and release the device button for the device's code you are retrieving (**TV**, **VCR**, **SATELLITE**). The **Indicator Light** will blink once.

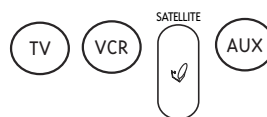

Note: For **AUX** (when not an audio code) press **AUX** followed by the device button. Use **SAT** for **CABLE**.

3. Press and release **CODE SEARCH**. The **Indicator Light** will turn off.

4. Starting with **0** on the keypad, press the number buttons in order (**0-9**) until the **Indicator Light** blinks.

5. The number which causes the indicator light to blink is the first digit of your code.

6. Repeat step 4 until you have retrieved all three

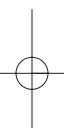

Trouble Shooting

PROBLEM	SOLUTION
Red light not blinking when you press any key	A) Replace the batteries (with fresh, new AAA Alkaline batteries). B) Check that batteries are properly installed.
The remote does not operate your video devices	A) Try all the codes listed for your brand. B) Try the Code Search method (page 14).
Not performing commands properly	Start Code Search over again to locate the proper code for full compatibility.
Problems programming a TV/VCR Combo Unit	Try the VCR code for your brand. Some combo units, however, may require both a TV and a VCR code for full operation.
VCR not recording	As a safety feature on your remote, you must press the REC button twice.
Channel up and down do not function on an RCA TV	Due to some designs, only the original remote will perform these functions.
Problems changing channels	If your original remote required ENTER after a channel, press ENTER after you select a channel.
No response after pressing a key	A) Make sure you have new batteries and you are aiming your remote at your devices. B) Check that batteries are properly installed. See page 3.
SELECT button not responding	Try using the DISPLAY Button to make the selection while in the Program Guide

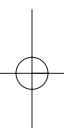

Reprogramming may be required after batteries are removed.

Warranty

Thomson Consumer Electronics, Inc. warrants that for 90 days from the date of purchase this product is free from defects in material and workmanship. If the item is defective within that period, return it at your expense to the dealer from whom it was purchased together with proof of purchase for replacement. The exchange unit is under warranty for the remainder of the original product's warranty period. This warranty excludes defects or damage due to misuse, abuse, neglect or acts of God, including but not limited to lightning damage. The foregoing represents Thomson's sole obligation under this warranty.

This warranty gives you specific legal rights, and you may have other rights which vary from state to state. For purchases outside the United States, contact your dealer for warranty information.
